EDUCATION

Lambton College, Toronto, ON

Sep 2021 - May 2023

- PG Diploma in Cloud computing for big data, GPA 3.37

Guru Nanak Dev University, Amritsar, India

Aug 2012 - May 2015

- Bachelor of Computer Applications, Grade: A

WORK EXPERIENCE

Sr. Software Engineer, Tech Lead - Magic Edtech

July 2018 – Present

- Currently leading and managing a team of 8 Developers in a Product Development project as a Tech Lead
- Completed RND and POCs of new tools suitable for the applications
- Developed new UI functionalities and integrated Cloud Services for multi-threaded user-facing applications running on touchscreen devices, using frontend framework and AWS under given timelines
- Estimated time requirements and monitored project progress as per scheduled deadlines for various tasks and took necessary steps to ensure completion within the time and effort parameters
- Managed Jira, planned sprints and participated in projects in all stages of the product life cycle
- Decided database structure and development architecture of applications
- Lead moving legacy JavaScript applications to advanced frontend frameworks and from SVN to Git deciding branching and code deployment strategies

Front End Developer - 300 Plus Solutions, Client: Aon

May 2017 – June 2018

- Built single-page applications with JavaScript on a custom-built framework called Mustela
- Worked with agile team to migrate legacy company website to AngularJS, Sass and HTML5
- Revamped UI and app interface for customer-facing e-commerce site with 10,000+ unique visitors per month
- Designed and developed front-end for 10+ insurance product websites, using AngularJs, JQuery, JavaScript
- Leveraged AngularJS and JavaScript to build presentation layer for retail payment page
- Communicated directly with clients to establish project parameters, wrote proposals for design work, analyzed competitor web sites, determined web site content, produced site maps for client approval, and communicated progress with client throughout length of project.

Web Developer - Wipro Technologies Pvt. Ltd

June 2015 – April 2017

- Translated design team's UX wireframes and mock-ups into responsive, interactive features, using HTML/CSS and JavaScript
- Leveraged responsive web frameworks to consistently complete product deliverable ahead of schedule
- Collaborated with developers, QA, product owner and scrum master to prioritize needs and produce high quality software changes
- Reviewed code, resolved performance issues, deployed code changes, and published release notes

AWARDS

- Magic WOW Award, Magic Edtech, January 2019
- Award for substantially exceeding expectations, FY - 2018-'19, Magic Edtech, October 2019
- Aon Stars Award, Aon, April 2018
- Fresher of the year, Wipro Technologies Pvt. Ltd., March 2016
